Five Facts About Brain Injuries

Did you know that over 5.3 million adults and children in the United States are living with a permanent brain injury-related disability?

That's nearly one out of every 60 people.

Traumatic brain injuries are a leading cause of death and disability, with nearly 50% of them caused by falls. March is the Brain Injury Association of America's Brain Injury Awareness Month. **In this article**, Pegalis Law Group, LLC is taking a look at five facts about traumatic brain injuries you should know.

What Can Be Done to Reduce Your Risk of Colon Cancer?

Colon cancer is the third leading cause of cancer-related deaths in the United States annually. According to the American Cancer Society, over 100,000 new cases of colon cancer will be diagnosed in 2023. Over 50,000 deaths from colon cancer are also expected to occur this year. Men are slightly more at risk than women, but colon cancer affects people of all ages and backgrounds. Knowing your risk factors and making lifestyle changes to help prevent colon cancer helps save lives. **In this article**, Pegalis Law Group, LLC examines what can be done to reduce your risk of colon cancer.
